

Free English Peer Community — Participation Rules

Nexorio s. r. o. · version 1.0 · 9 October 2026

This optional English-speaking space is provided under the Denis Bubeník brand by Nexorio s. r. o., company ID 55 918 263, Palánok 1, 949 01 Nitra, Slovakia. Contact denis@nexorio.io; telephone +421 914 131 415. Joining is free and optional.

Purpose and access

Compare workflows, ask practical questions and share what you put into use. No purchase is required. Joining is optional and does not unlock paid toolkits. Whop account terms and the applicable privacy notice also apply. This community has no paid renewal, guaranteed live calls, personal consulting, response-time SLA or promise of lifetime operation. Toolkit purchases and their contractual online term remain separate.

Participation

Use English and explain the workflow, what you tried, what happened and the decision you need help with. Be respectful. No spam, unsolicited sales DMs, harassment, impersonation, fabricated results, pirated material or redistribution of paid toolkit files. Post only material you are entitled to share. Anonymise examples; do not post personal client/patient records, bank details, credentials or confidential screenshots. Other members' experience is not a substitute for a written scoped implementation or qualified regulated advice.

Moderation and reporting

Contact denis@nexorio.io privately to report a conduct or privacy issue. Moderators may remove unsuitable posts or limit participation to keep the space usable and safe, using proportionate action and private clarification where appropriate. Community moderation does not automatically revoke valid paid toolkit rights. No automatic bot replies, mass invitations or fake member activity are part of the release.

Changes and ending the free service

The free space may change, pause or close; we will communicate relevant operational changes where practical. Changes do not erase separate paid material obligations or mandatory rights. Participants retain rights to their own original data and posts; posting permits their display for operating the discussion, not an automatic licence to use them as a testimonial or public marketing case. Privacy requests and technical support go through the private contact above.

Purchase and refund questions

Use My toolkits for purchased materials and the private withdrawal function for a paid refund. Public posting or community participation is never required to request support or a refund. No automatic upgrade, discount, marketing consent or additional paid entitlement arises from community membership.
